**PLAINTIFF'S MOTION TO EXTEND  
TIME FOR DISCOVERY AND  
TO DISCLOSE EXPERT WITNESSES  
AND FOR DISPOSITIVE MOTIONS**

**(ASSENTED TO)**

Ernest Ogletree, the plaintiff, moves this Honorable Court to extend the time for the parties to complete discovery, including depositions, and to disclose their expert witnesses, and to file dispositive motions by four months, such that the completion of discovery and percipient witness depositions will be extended to and including May 31, 2006, the plaintiff's expert witness disclosures will be extended to and including June 30, 2006, the defendants' expert witnesses disclosures will be extended to and including July 31, 2006, the time for concluding expert witness depositions will be extended to and including August 31, 2006, and the filing of dispositive motions will be extended to and including October 15, 2006.

In support of his Motion, the plaintiff states that the parties have engaged in discovery cooperatively but neither have concluded discovery nor obtained sufficient information to allow for expert disclosures at the times now scheduled for them due to

the legal and factual complexities of this action and conflicts in the schedules of the parties' counsel and witnesses; that the time for completing discovery has not expired yet but is nearing; that the parties have been unable to conclude discovery and expert witness disclosure within the time allotted due to the schedules of the parties' counsel and witnesses; that no party will be prejudiced by allowance of this Motion; that all of the defendants have assented to this Motion; that good cause exists for extending the deadlines in view of the foregoing; and that notwithstanding their efforts, the parties were unable to complete discovery within the extensions of the deadlines previously allowed.

**CERTIFICATION PURSUANT TO LOCAL RULE 7.1**
